Stat Kit Z-1000® Emergency Medical Kit

Everything you need for the office, home or in the community

When time is critical, your ability to get the appropriate medications, devices and oxygen to the patient may be the difference between a life saved and a life lost. The Stat Kit Z-1000® Emergency Medical Kit allows rapid response to those who need life-saving care, regardless of location. The responder can quickly access a complete set of medications and devices to sustain Basic Life Support, Advanced Cardiac Life Support (ACLS) or Pediatric Advanced Life Support (PALS) for up to 30 minutes.

With Banyan's Keep-Me-Current-Automatic medication expiration tracking and refill service, drugs are replaced automatically to maximize shelf-life, save money and ensure readiness.

AED and Oxygen Sold Separately
A complete set of Medications, Devices, Oxygen* and Defibrillation* to provide:

- Basic Life Support
- Advanced Cardiac Life Support (ACLS) for up to 30 minutes
- Pediatric Advanced Life Support (PALS) for up to 30 minutes
- Emergency care during disaster response

*Optional products for purchase

Durable Construction
The Stat Kit Z-1000 is designed around a strong yet lightweight aircraft-grade aluminum frame, reinforced by heavy-duty water-resistant nylon and internal impact-resistant medication storage trays.

Mobility for Rapid Response
When seconds can make the difference, recessed polyurethane wheels and a telescoping handle allow the caregiver to respond to the patient, regardless of location.

Intuitive Organization
The Stat Kit Z-1000 organizes its medications and medical devices into sections, compartments and trays, all clearly labeled and categorized into key areas of care. This allows the responder to immediately assess and treat the patient without searching for devices and medications.

EMERGENCY OXYGEN

Emergency care during disaster response
Pediatric Advanced Life Support (PALS) for up to 30 minutes
Advanced Cardiac Life Support (ACLS) for up to 30 minutes
Basic Life Support Oxygen* and Defibrillation* to provide:

Sodium Chloride 0.9% 500mL bag (2)
Lidocaine 2% 20mg/mL, 5mL PF syringe (2)
Epinephrine 1:10,000, 10mL PF syringe (2)
Atropine Sulfate 0.1mg/mL, 10mL PF syringe (2)
Amiodarone 50mg/mL, 3mL ampule (2)
Vancomycin 500mg/mL, 50mL PF syringe
Flumazenil 0.1mg/mL, 10mL vial
Diphenhydramine 25mg, capsule (2)
Diphenhydramine 50mg/mL, 1mL vial (2)
Epinephrine auto-injector (Adult) 0.3mg
Epinephrine 1:1,000 1mL, 1mg/mL ampule (2)
Solu-Medrol 125mg, 2mL Act-O-Vial®

Cardiac Medications

Adenosine 3mg/mL, 4mL vial
Amiodarone 50mg/mL, 3mL ampule (2)
Aspirin tablets 325mg (2 pack) (2)
Atropine Sulfate 0.1mg/mL, 10mL PF syringe (2)
Epinephrine 1:1,000, 10mL PF syringe (2)
Lidocaine 2% 20mg/mL, 5mL PF syringe (2)
Nitroglycerin 0.4mg tablets, 1/150gr
Verapamil 2.5mg/mL, 2mL vial
